It will probably be more, for prizes will increase as the entries mount. However, it can't be less.

The Alleys will be closed for re-finishing from May 20 to May 24. Otherwise, you can bowl any day or evening, including week-ends, through June 16, the last day of the tournament.

You may enter as many times as you like, and cash once with each partner. There are special prizes, too. We'll have pictures, later on, of some of the high-scoring couples.

Real Estate Tax Bills Mail'd May 20

Tax bills are going out about a month earlier than usual, this year.

No Evening Hours For Village Clerk

No, the Antioch Village hall is not open evenings, and Clarence Shultis, Village Clerk, did not announce new hours last week.

Clarence says he has been swamped with calls in the last week by indignant villagers who read the announcement of new evening hours for the Village Clerk, only to find the village hall closed when they got there.

Cause of the confusion was evidently the announcement in the Lindenhurst News section of new hours for the Lindenhurst Village Clerk.

It's nice to get such an immediate response to a news article, but rather disheartening to realize no one bothered to note the heading. And Clarence was not really pleased with the reaction.

So unless your business is with the Lindenhurst Village Clerk, don't bother to visit the Village Hall after the regular closing hour.

Enroll First Graders At Emmons School

First graders must have attained their sixth birthday on or before December 1, 1963, in order to be eligible for enrollment.

Moose Lend a Helping Hand

The Civic Affairs committee of the Antioch Moose Lodge established a precedent Thursday evening when 5 members showed up at the Little League field decked out in working togs and volunteered their services.

"I hop this will be just one of a series of co-operative efforts between the Moose Lodge and other organizations," said Bernard Osmond, chairman of the committee.

The five volunteers spent the evening putting a fresh coat of paint on the rest rooms and plan to return later to complete the job.

"I hope this will be just that to his knowledge it was the first time any organization had volunteered aid of this kind. Members of the Moose work party were Bernard Osmond, Morris Verkest, Jerry Staffon, Lee Lay, and John Dupre, governor of the local lodge.

Also of special interest for the public will be the closing number of the program, which will feature the production of the 1812 Overture by P. Tchaikowsky.

Hostesses for the evening will be kindergarten mothers with Mrs. Townsend Barlow, Theodore Costoff, Richard Kessler and Carl Schiesser in charge.

Fund Drive is Aided By a Car Telephone

Dr. William C. Petty, General Chairman of the Countryside Hospital Fund Raising Campaign, recently made the first phone call from the Countryside Mobile Campaign Headquarters. Dr. Petty talked to Eugene Walszek, President of the Countryside Hospital Board, who was at the Countryside Campaign Headquarters in Lake Villa. The call was made by Petty to see how effective and useful the Mobile unit would be to the entire campaign.

The Mobile Headquarters is an automobile loaned to Countryside by Mrs. Jane Rundgren, Chairman of the Countryside Fund Raising Committee. Mrs. Rundgren had a telephone installed in her car at her expense and will pay for the entire maintenance of the phone.

The reason for the establishment of a Mobile Headquarters, according to Mrs. Rundgren, is to permit her to be in constant touch with the Campaign Headquarters and Dr. Petty. Because of the many functions that she has undertaken in the Countryside Campaign, Mrs. Rundgren feels that the Mobile office will be a great asset to the entire program.

The basic campaign organization for Countryside Hospital began two weeks ago with the announcement of Dr. Petty as General Chairman. Since then the Campaign Headquarters has been officially opened at 100 So. Milwaukee Avenue, Lake Villa, Ill., and Dr. Petty and the Fund-raising Committee are now considering Campaign Co-Chairmen for each of the four townships—Antioch, Avon, Grant and Lake Villa. At the present time a

Village Board Plans To Collect Overdue Water & Sewer Bills

The Village Board met in a special session Tuesday night to finish up the business not completed at its regular session on May 7.

With the village increasingly plagued by delinquent water and sewer bills, the board voted to enforce the ordinance provision dealing with delinquent bills. The board voted that ten days after the second billing of all delinquent water and sewer bills, service will be discontinued without further notice, and a \$5.00 fee charged for re-installment of the service.

Social Center Roller Rink Now Open

St. Peter Social Center Roller Rink is now open to the public.

Every Friday night beginning at 7:30 p.m., a large crowd gathers for roller skating at St. Peter Social Center.

Father Henderson, Father Hanley and the people of St. Peter's Parish built this Social Center for the people of Antioch and their friends.

The new roller rink has roller skates and accessories. You may bring your own skates or rent a pair. It is advisable to bring your own skates, since not too many are available.

The rink will also be open for matinees on Saturday afternoons for the younger members of the family.

St. Peter Social Center is a most beautiful place to roller skate. It has the latest and finest wood floor, and ample seating. The skaters will enjoy the best roller skating music. Refreshments—ample parking.

Also, every Sunday night there will be a dance at 8 o'clock for all the young people of Antioch. The com-

Next Week Is Village Clean-Up Week

It's house-cleaning time—the bane or the joy of housewives, depending on the way each one feels about it.

The Village is taking one of the biggest worries off the housewives' shoulders—what to do with all that junk you have to dispose of. No need to move it hither and yon and nag your husband to get rid of it. Just pile it out on the curb on May 21, 22 or 23, and the village trucks will pick it up and haul it away.

Businesses have to do housecleaning, too, and the village will dispose of all trash on these three days. By Friday, the town should be as spick and span as a Dutch housewife's floor.

Don't forget, junk tucked away in little-used corners can start fires. And little fires can start big fires. So dig out all those useless items just taking up space, and don't burn 'em—put 'em out on the curb next Tuesday, Wednesday or Thursday.

Committee is trying to secure the best orchestras.

The treasurer's annual report was read and approved and will be published in the Antioch News next week.

John Horan was re-appointed Civil Defense Director of the village.

The board voted to retain the firm of Jedele & Cain to audit the books.

Two proposed apartment buildings were brought before the board for approval. The apartment building proposed on Filweber Court, presented at the former meeting of the board, was again submitted. A twelve-unit apartment building, to be built by Lyn-Jay Builders, builders of the apartment building now being built on Tiffany Road, was presented to the board for approval.

The proposed apartments would be situated on Route 21, south of the new Jedele & Cain building. Plans were turned over to the zoning committee for consideration. Opposition was voiced to both proposals.

Poppy Day Is May 18th

"Every VFW Buddy Poppy is the work of some disabled veteran," Commander O. Hunt of the local VFW Post stated, in announcing the annual Buddy Poppy sale to be held in Antioch on May 18. The disabled veterans who assemble the Buddy Poppy are paid for their labor, and the proceeds from all Buddy Poppy sales are used for the relief of thousands of disabled and hospitalized veterans and their dependents.

Commander Hunt said that the sale here will be one of thousands of similar sales on the streets of America during the month of May.

In the hospital wards and hobby rooms of Veterans' Administration Homes and Hospitals all over the country men in pajamas and bathrobes have been busy for many months now making the artificial memorial flowers symbolic of those who gave so much during time of war. They are hoping and praying that all Americans will wear the symbolic flower of remembrance when Buddy Poppies are placed on sale Saturday, May 18.

Businesses have to do housecleaning, too, and the village will dispose of all trash on these three days. By Friday, the town should be as spick and span as a Dutch housewife's floor.

Don't forget, junk tucked away in little-used corners can start fires. And little fires can start big fires. So dig out all those useless items just taking up space, and don't burn 'em—put 'em out on the curb next Tuesday, Wednesday or Thursday.

Merchants Plan Campaign

A determined and enthusiastic group of Antioch merchants are making a concerted move to bring the downtown shopping district into lively competition with the many shopping centers that have sprung up in near-by areas.

The businessmen have held several successful meetings to discuss proposed plans for stimulating customer interest and to organize the group. More meetings are slated in the near future, and at least one plan for a bargain-day for customers is being worked on.

A high spirit of co-operation is in evidence in the group and a willingness to sacrifice immediate personal gain in the interest of the whole downtown district, which gives great hope for the future success of the organization.

A formal name for the organization and officers will be selected soon.

The customer is going to be the immediate beneficiary of this enterprising group, with Antioch businessmen, of course, hoping to benefit by drawing shoppers in increasing numbers to downtown Antioch. So watch for notices of the values Antioch merchants will soon be presenting to you.

Join The Blood Bank

Every once in a while we see an appeal for blood donors for some gravely ill person in the newspapers.

This is one of the most distressing and expensive problems that the family of the ill person can be faced with.

The Jacob Blumberg Memorial Blood Bank of Lake County has announced that there are openings for new members at this time.

No one really expects to ever need blood. So most people will read the announcement, think "It might be a good idea to join that," and promptly forget it.

It's a very comforting thing to know that if the need arises, you and members of your family will have blood on tap in an emergency. And membership in the Blood Bank is a very simple thing.

There is no charge for joining. A family is usually called on to furnish a pint of blood to the bank one in three or four years time.

You're probably very careful to keep up the insurance on your car, your life and your hospitalization insurance. Here's a chance to insure your family, completely without cost and with a minimum of effort, against one of the most pressing emergencies that can arise—the need for blood. And, at the same time, you're taking part in a co-operative effort to protect others against the same lack.

Mum's the word! Were you one of the unfortunate victims of last Sunday's perfect (2) Mother's Day weather? Last you become confused please let me explain. That's the day when father and the kids take over all of Mom's regular Sunday chores. Typical of the modern suburbanite father and offspring, they plan an out-door picnic! Great. No work for Mom. Dad can do the barbecuing and the kids will get everything in order after they find out from Mom where she put all the groceries they ordered her to purchase the day before. Lo and behold! The only thing they didn't plan for was rain. Always steady in the face of disaster, Pop comes up with the perfect answer. "Let's just move it all inside."

Antioch News
Antioch, Ill.
Dear friends:

On June 1st, my address will change to 1919 No. Argyle St., Hollywood 28, Calif. I have had a wonderful twelve and a half years in this nice old fashioned house, but find the duties of yard so much, I am moving into Hollywood, in a dear old fashioned apt. . . . and will continue teaching there. . . . I think, and have been doing to write you, that it would interest my dear friends in Antioch, that I teach Jim Roberts and Joe Feeney of the Lawrence Welk show.

This time of year, I think of the Antioch spring, of the woods, the bogs I used to cross for the wild flowers, and I am always grateful that I know the beauty of all this natural life as a child. . . . and hope I shall return to see it all some day.

I enjoy the Antioch News, sent me by my cousins, the Horans, tho' I have to hunt for familiar names. . . . love to read of the fine drama and musical activities of the high school. . . . and it's pretty wonderful. The paper has nice features, I even scan the ads, to take me back.

Very best wishes,
Sincerely,

Courthouse Notebook

BY LOU DURKIN

A popular source of family squabbles, naming the sons and daughters of the marital union, will soon be eliminated as a result of one of the more recent rulings from Big Brother in Washington.

Instead of a name the newborn can get a number, a Social Security number that is, that will follow him from the cradle to the grave.

Of course, every child won't have to have a number. Only is some dotting relative decides to get him started on the path of thrift early in life by opening a bank savings account for the new heir.

Under a new Internal Revenue Service directive all savings account holders must be identified by Social Security number to make sure nobody escapes the income tax net.

It doesn't matter that a child can't hold a job until he is 16 years old, so he probably doesn't have a number.

The great impersonal computers and data processors choke on names, but gobble up numbers with an insatiable appetite, so you must have a number on your bank account.

The only sensible thing to do, of course, is to register the new born infant with the Social Security office, get his number, cut off a couple of digits for a nickname, and eliminate all those family squabbles. * * *

The current squabble over legislative reapportionment offers another interesting study in semantics as practiced by people in political office.

Everyone knows, of course, that the political party to which you belong is called a party organization, while the opposing party is controlled by a "machine."

There is nothing quite so dastardly as a political machine, particularly if it is successful in electing candidates from the opposition.

Conversely, the loser, while decrying the "machine tactics" of the opposition, is disgusted with his party leaders because they aren't organized.

Gerrymandering has the same double meaning. The remap plan proposed by Democrat Jack Baird which would lump Waukegan, St. Charles, and Deerfield Townships into a "cohesive, contiguous district," albeit with a heavy Democratic flavor, is labelled gerrymandering by the GOP forces in Springfield.

The GOP map on the other hand, which would cut across the county from East to West, except for Cuba and Waukegan Townships which would be included in the northern district, is a masterpiece of objective redistricting.

Sponsors of the opposing bills cry "For shame" at the opposition's blatant politicking with the voting rights of the public while reserving for themselves the cloak of "honest striving to balance the district according to population and similarity of interests of the people of the districts."

You can't hardly get that kind of political selfishness anymore.

The current furor over the suspension of a couple of Waukegan High School students for painting class numerals on the roof of the building is in direct contrast to the furor that develops over an increase in the budget, salary scales for the teachers or the high cost of school administration.

If you want to awaken interest in school activities, flaunt tradition, or threaten to eliminate interscholastic sports, band, or the drama club.

School administrators are well aware of this, of course, as witness the lever used in seeking support for a higher educational tax rate in a referendum.

The school boards never threaten to eliminate chemistry, physics, English, or geometry if the referendum fails, nor do they say the highly paid superintendent will go.

It's always the football team, the basketball team, or the band. And this of course brings the people out in force to insure the future of the school teams, even if the team is on a losing streak that threatens the future of the coach.

A LEGISLATOR'S MAIL
A great deal of mail a legislator receives states that the writer is opposed to Bill 104 or is in favor of Bill 234. The legislator may answer such a letter by saying that he wants to see the bill in its final form, or that he wants to study its amendments. The writer may then conclude that the legislator is afraid to tell how he will vote, and is using a cowardly subterfuge to avoid being candid.

In about 25% of these cases, the writer is referring to the wrong bill or to a bill in some other legislature. When you write to your legislator, mention something about the purpose of the bill so that if you have given the wrong number the legislator will know which bill you are referring to. I receive a great deal of mail about federal laws and much mail where the bill actually has nothing to do with the things the writer is worried about.

In many other cases, the legislator is giving the most honest possible answer when he says to "wait until we see what the amendments are." It is a favorite legislative device to introduce a bill to do one thing and then to amend it until it does just the opposite. Then all the people who have been urging a yes vote find themselves supporting something they were against originally.

Another trick used by legislators to build a false record by misleading voters, is to promote an amendment which will make the bill unconstitutional or promote an amendment which will make the bill unacceptable. Then, having made sure the bill will not succeed, he can vote for it and keep his promise to the folks back home.

The bill now pending to require Sunday closing of many businesses offers us a chance to see how these tricks can operate. Citizens will write asking for a vote for or against it, and the legislator may reply that he wants to see the amendments. This is truly the only honest answer he can give. Suppose the bill is amended to require that liquor establishments and restaurants also be closed on Sunday. If this amendment succeeds, the practical effect will be to kill the bill for it cannot then receive enough votes to pass. Suppose the

WHEREAS: The Antioch Fire Department, long in service for the community, always on the side of public interest in the saving of life and property, alert to every progressive improvement along the line of fire fighting equipment, enforcing a program of selecting the best personnel to work as firemen and having the complete respect of the citizens in the Antioch area, and

bill is amended to exclude furniture salesrooms. This also would kill the bill, for it would probably render it unconstitutional.

A legislator can build a false record of support of a bill by number and yet defeat the enactment of the idea by not watching the amendments. He can help to destroy the heart of a bill and then vote for it. He can help to insert unconstitutionality into it and then vote to pass it.

The same thing can be done with many other bills on which the voter may ask for support or opposition. I think the best practice is to ask the legislator to support the idea of a bill and leave it to him to watch out for amendments which might reverse its effect. There is more to a Bill than simply voting for or against it and those who write their legislators should be thankful rather than angry if they receive a cautious reply.

Your Governor Reports by OTTO KERNER

The Third National conference of the Peaceful Uses of Space held last week in Chicago was another aspect of our drive to secure for Illinois a greater role in the space programs of our nation, with its resultant economic benefit.

Businessmen from Illinois and the Midwest were enabled at this conference, to learn about our nation's space programs and their possible part in them—the procedures of obtaining procurement contracts, the products that they can produce for the vast program.

In a speech to the final session of the conference, I told the participants that now is the time to secure or create the vehicle through which the role we hope for us can be transformed from wish into reality.

Illinois and the Midwest, as I have said before, lagged for years while others moved into roles in the space pro-

grams. We have been working at various levels and in various ways to make up that lag.

A nuclear propulsion center to study the best methods to harness nuclear energy is a natural for this area. At the present time there is no other power source that can meet the known requirements.

Such a facility would move Illinois and the entire Midwest from the launching pad of talk and meetings into what I told the conference, "the exhilarating flight" of meaningful action.

This state has the capabilities. There is sound scientific basis in locating such a center in the area of the nation's foremost peacetime nuclear laboratory—Argonne.

Illinois also can capitalize on the capabilities of the University of Chicago, the Uni-

President Will Be Named at 16th Annual League Meeting

The third annual winner of the Jack E. Sams award for outstanding service to taxpayers will be welcomed by the two previous winners at the 16th annual convention of the Lake County Civic League, Saturday, May 18.

Joseph P. Welch, Cuba Township Supervisor, the first recipient in 1961 and August Cepon, 1962 winner, will be special guests of the League, according to retiring President Dwight Ingram.

Since the announcement of the League's mid-May meeting speculation has been rife as to the identities of the Sams award nominee and the nominee for 1963-64 President. Following League

custom, their names will not be known until announced by the chairman of the committee which have made the final selection of those to be honored. Lee Fleming of Zion is chairman of the Sams Award nominating committee and John Leonard of Highland chairman of the group which presents the names of new officers for the coming year.

Principal speaker of the meeting will be Congressman Robert McClory, who is also a League director.

The League meeting will take place at the Waukegan Inn, at 3 o'clock. The general public, according to President Ingram, is cordially invited to attend.

Oddly enough, most people don't ride on motorcycles too much, except for fun. And what's fun on a 'cycle isn't fun in a car—namely, leaning 'way over to help get around a turn. That's why we put Wide-Track on Tempest this year: to keep you stable and level when you turn. Tempest isn't the only car with Wide-Track, but we don't fret about the competition. Armed Forces Day At O'Hare Saturday

This year, on Saturday, May 18, Armed Forces Day will be Open House Day and Operation Hookup Day with the Illinois Air National Guard at O'Hare International Airport. The annual Open House will be held from 10 a.m. to 4 p.m. on the military side of the airport which is near Mannheim and Higgins Roads.

A planned special event which will highlight the affair will be a low-level, air-to-air refueling hookup demonstration over the display area, involving one of the Air Guard's 126th Air Refueling Wing's KC-97 Boeing Stratotankers and a Jet Fighter.

Other features of the Open House will include a flyover by the Air Force Reserve's C-119 Flying Boxcars, a possible airborne troop drop by Army Reserve Special Forces, a cable splicing demonstration by the 217th GEEIA (an Air Guard Unit) and an actual amplified pilot to tower radio hookup during the refueling operation by the 204th Communications Squadron (TT). On the ground, there will be static displays of all kinds of aircraft and equipment.

Armed Forces Day will be Operation Hookup Day in another sense too—for this event will climax a giant recruiting campaign for prior servicemen that has been conducted by the Illinois Air Guard for the past several months.

Tying in with the nationwide Air Guard "Try One" campaign, the Guard unit will maintain an information and recruiting center on the floor of its new Hangar.

"Under this new program," says Brig. Gen. Howard T. Markey, Commander of the 126th Air Refueling Wing, "men with prior experience can enlist at the same rank they held on active duty or in the reserve. It permits former servicemen to enlist for one year—a military trial offer, so to speak, for men who might be willing to enlist for 12 months but not for three years."

Home Economics Extension Unit Holds Meeting

Mrs. Irving Buchta was co-hostess for the evening.

Doctor Revolts Against Filling out Welfare Forms

From the National Review: "Dr. Clarence Martin of Jamestown, North Dakota, bought space to insert his 'Declaration of Independence' in the Jamestown Sun. Hereafter, said the doctor, he would refuse all payment from the government for treating welfare patients. Dr. Martin had found that he was spending four times longer in filling out the forms for the government than he was in treating the welfare patients. This, he noted, had had an effect on his disposition, adverse and at the same time deprived him of the 'job of helping someone'. No need to say this unprofessional performance on Dr. Martin's part has the local welfare department in a tizzy. It had asked for \$19-million for local health care in the next two years and it may now have trouble spending it all. . . ."

Cowardly Lion-Tamer

Once there was a very brave lion-tamer who wasn't afraid of the most ferocious lions in the menagerie. And he had a wife who didn't like him to stay out late. When he realized it was midnight he became panic-stricken. He didn't dare go home. But if he went to a hotel, his wife might find him. So he went to the menagerie.

crawled into the lions' cage and went to sleep with his head resting on the largest lion.

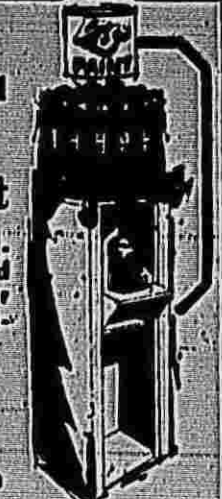

The next morning his wife began to hunt for him, and she looked all over town. Finally, she came to the menagerie and saw her husband in the lions' cage. A look of contempt came over her face, and she snarled, "You coward!"

Results of Leukemia Drive
While listening to radio station WLS recently Angela Guido, 18, of 2205 E. Broar Lane, heard them ask for teenagers to help collect for the Danny Thomas Leukemia Drive. She wrote in and asked for more information and identification tags and then asked her brother, Michael, 15, and Delmar Jaenig, 11, of 2211 Briar Lane to help her. Angela is handicapped, a result of polio, and could not get out herself, but the boys were glad to go out for her. Starting early Sunday morning, May 5, the boys covered quite a large part of Lindenhurst until late in the evening. The two boys collected \$36.41. Orchids to those unselfish youngsters, who gave up their Sunday to help someone else.

Moon Watcher
That wasn't a cat on a hot tin roof at 2308 Sand Lake Road last Tuesday night. That was Jim Shanahan, stranded up there until 11 p.m. when his ladder was blown away by the wind, when he went up there to see if his shingles were all right. He went up on the roof about 9:30 or 10 p.m. to check them. His wife, Hazel, was out with a neighbor, and when she came home home after ten, they sat in the car talking until nearly 11 p.m. When she walked up to the house he whistled for her, and she looked all around and kept saying, "Where are you, I don't see you?" He said, "Up here on the roof in the back." She said, when she finally saw him, she couldn't stop laughing. Although they have only a one story house, he said it looked too high to jump down. Hazel said it was a good thing he didn't jump or he might have

pulled down their new gutters, that were installed recently.

So the moral of the story is, don't go up on the roof to check your shingles, if your wife isn't there to hold the ladder. You may have to watch the moon like Jim did. (He didn't find out if they were loose, it was too dark.)

Little League Season Opens On May 19th

The Antioch Little League opens its season on Sunday, May 19th at the field in the village park. After a color guard of Boy Scouts raises the flag, Antioch Lumber Giants, coached by Wes Camp, will meet W. J. Murphy Yankees, coached by Lyle Wilson.

After opening day play will continue throughout the season on Tuesday through Friday evenings at 6 p.m. The league president is expecting larger fan turn-outs this year due to improved game control: the services of Harlan Ware, Physical Education Director at Antioch Grade School, have been secured for umpire-in-chief.

The other four teams in the league are Antioch Savings Dodgers, coached by Gordon DeBoer; Gibbs and Jonsson Sox, coached by Jerry Ribkow; Lyons and Ryan Cubs, coached by Robert Gross; and State Bank Tigers, coached by Gordon Volling.

The Intermediate and Minor League program will get under way on Monday, May 20, directed by Roy Nelson. Boys who will be eight or before July 31st, as well as those who registered for Little League but have not yet been chosen for a team, should attend, accompanied by a parent.

The Babe Ruth team for boys 13 through 15 has disbanded. In order to give boys in this age bracket a chance to play organized baseball, the Little League is

considering the formation of a Senior Division that would take in the Babe Ruth eligibles. To determine if there are enough players to form the necessary teams, Little League officers and the coach of the former Babe Ruth team will be at the High School baseball field at 6:30 p.m. on Friday evening, May 17 to register applicants.

Whats

Cookin'?

By Harry H. Stern

VARIETY IS THE SPICE OF LIFE BUT IT TAKES MONOTONY TO FINANCE IT.

Dan Dugenske nailed a 4 pound walleye at the Wilmot Dam last week. It was a beaut. After disposing of the delectable meat he gave the bones a decent burial.

So how come you other guys ain't catching any of this brand of fish there? Oh! You're not talking.

The guy who burns the candle at both ends makes it twice as hard to keep his wife in the dark.

Doc Jensen went up to his tree farm in Wisconsin last week, ostensibly to plant a flock of trees. So what does he do when he gets there? Right! He went fishing on the Wolf River at Fremont and hit the jackpot. The white bass jackpot. That stooped, round-shouldered look is from carrying them home. There were plenty of good sized fish in the bunch and they tasted like walleye (says Doc) almost.

If you're having feelings about the number of strippers (white bass) the fishguys are hauling out of the water—don't! This is not a long-lived fish and they multiply very rapidly—to the detriment of the other species, and unless thinned out a little they will take over. That's why there are no limits on 'em. And since hook and line fishing is the most inefficient method of taking them, there is no danger of reducing their number below safe limits.

What makes us so mad at people who outwit us is that they think they're smarter than we are.

Have you ever seen Vic Paulus coming out of Sorenson's Bait & Bull Foundry around 4 p.m. like he was shot out of a rifle, jump into his car, head out west on 173, peeling rubber all the way, runs into his house, pots and pans start clanging, smoke pours out of all the windows (but not the chimney) dishes rattling (all this just to warm up a can of beans) out he comes, fly rod in hand, on the double, down to the beach, shirt-tails a-flying, whips the lake into a froth with his casting... and whammo! he hooks into a whopper... all of 4 inches long. And on Vic's lake they measure 'em fore and aft.

One argument in favor of chewing tobacco is that it never set a bad on fire.

Nora Kriska of Lake Marie is responsible for this one. It was a cold, gray, raw, windy day; not fit for man or beast to be out in. Here come these two guys in a boat, the motor conks out; they're being blown into the marsh and in their feverish efforts to push their loaded boat (they were loaded, too) out in the clear, they tipped over and landed in the drink. All of their stuff began floating away and this one egg calls to his almost drowning buddy: save the bottle!

News of Lakesports

Don't worry about finding your station in life. There'll always be some one around to tell you where to get off.

Ernie Di Labio, Pop Memm and Heine Ellis have been nailing big crappies somewhere on Fox Lake (all of a sudden all my friends are clamming up on their fishing spots? (I wonder why?) on pinkies and streamer flies. I think they're using a fish ferret. Nobody can be that good, legally.

Have you noticed, the guy that crows the loudest at the local pub is usually the most henpecked at home?

Pete Rocca has been catching some nice bass and big northerns in Grass Lake, out of Charlie Haling's place. There are some nice strings of crappies brought in. No signs of bluegills yet... unless "they're" keeping that quiet.

The people who know, claim that the detergents which enter the lakes through our treatment plants are responsible for killing off our weed beds. That is, the petroleum based type.

HARRY STERN, the Annie Mae of the Sports Page, holds a prize catch. (That's Harry with the pipe in his mouth). Harry tells all on the fishes, the birds and the bees each week in his column, "What's Cookin'?"

(there is a mineral based detergent that is "the good guys" because they cannot remove it or decompose. So now bills have been introduced in the Senate and House of Representatives to ban the sale of non-degradable detergents. Similar bills have been filed in the Wisconsin legislature. Don't look for quick passage, or even slow passage. The forces against it are rich and determined, as well as powerful, but a start has been made and the evil recognized. If not this year, then maybe next—or next after that—but it will be brought about and maybe, we can yet save our lakes and rivers from becoming dead cesspools.

Ever onward, upward—but keep an eye on 'em.

Take charge of the lights!

Golf Team Brings Home The Trophy

The youthful devotees of drive and putt brought the Championship Golf Trophy of the Northwest Conference home to Antioch Township High School for the second year in a row after taking first place in the Monday night match at the Countryside Golf Course near Ivanhoe.

Antioch placed first in the match, with Ela-Vernon taking second, Grayslake third and Lake Forest fourth. The winning Antioch team comprised Les Miller, who shot a 70; John Lear, 82;

Fitch Gets Scholarship

Rich Fitch, Antioch High School senior, received confirmation this week of a football scholarship to the University of Missouri, at Columbia, Missouri.

A four year letterman in football, Rich was voted the most valuable player on the squad and was picked for the Chicago Tribune all-conference team.

Rich was a standout on defense and broke the school record for best punting average with 37 yards per kick. "It was these two points that were most instrumental in getting the scholarship," Coach Roy Nelson said.

A member of the track squad, Rich competes in the 100 yard dash, 180 yard low hurdles and with the 880 relay team. He plans to study Industrial Arts at Missouri.

Kenosha Speedway To Open May 18th

The Kenosha County Fair grounds Speedway at Wilmot, Wisconsin, has announced its opening Stock Car Race for the 1963 season as Saturday night, May 18th.

The racing season will then continue each Saturday night throughout the summer months. Time trials are slated for 7:00 p.m. and the first race begins at 8:30 p.m. sharp. Jim Smith, the promoter of the Wilmot oval has stated that he expects 60 to 70 cars for the opening race date.

Among those returning to the Speedway for the 1963 season will be Bill Shoulders of Waukegan, Bill Bohn of Kenosha, the 1962 Rookie of the Year, Ken Holden of Barrington, Ill., Milt Curcio of Racine, Wis., in another car entered by Ken Holden, plus a host of others.

Especially interesting this year will be the "spectator cars". These zany cars and drivers are always popular at Wilmot and will prove to be more so this year. No spectator car may be older than a 1955 model and all must run with an open rear end.

New at the Speedway this year is the newly located pit area and a new method of time trials.

Mr. Phil Hensley of the Hensley Motor Co., Antioch has graciously furnished a new convertible which the Speedway will use as its official pace car.

Racing Grandpa Out for First Win of Season

"Wild Bill" Owens of North Ave., Antioch, will be out next Saturday for opening night at the Speedway to try for the first win in his new sportsman stock car.

Also in new cars will be Mike Wolf, Roger Hagl and John Anderlee. These drivers all finished in the top ten in point standings last season at Wilmot.

Pattins Take Third At Lake Forest

With the Lake Forest Doubles ended, Madeline and Pat Pattin took third place in the tournament.

The Pattins rolled a score of 1275, just three pins behind the second place team and four behind the winner, to secure third place.

Richard Ripley, 92; Donald Oelerich, 92; Jim Steffenburg, 94; and John Jedele, 98,

Sequoit Tracksters Qualify For State Meet

The Antioch High School track squad which has been making a habit of breaking their own school records practically every time they compete, heaped new laurels on themselves at the District meet Saturday, held at Evanston Township High School. Four Sequoit tracksters qualified for the State High School track meet scheduled for Friday and Saturday, May 17 and 18 at the University of Illinois.

Three Antioch high school records were shattered during the competition. Dione Rathbone placed fourth in the competition in the half mile run with a time of 2:01.3. Rathbone's time qualified him for the State meet and set a new school record. Best time in this event was 1:55.7.

The Sequoit mile relay team will also be making the trip to Champaign Friday as they qualified with a time of 3:31.6. Tom Tantlinger, Ray Peterson, Rick Fowles and Dione Rathbone finished fifth at Evanston and their time also set a high school record for the event.

Good performances by Don Richter and Jim Edwards also gave a boost to the squad's effort. Richter ran the 220 yard dash in 23 seconds flat and Jim Edwards, a sophomore, cleared the bar at 5' 9" in the high jump. This is Edwards' best jump

thus far and lacked only 2" of qualifying. The 880 yard relay team, although failing to qualify for the State meet, set a new school record in their event. Tom Morgan, Ray Peterson, Rich Fitch and Don Richter placed sixth in the District with their record time of 1:34.7.

After their successful tour of the District meet the Sequoits journeyed to Lake Forest Monday afternoon to drop their first dual meet of the season to the Scouts.

The Lake Forest Squad outpointed the Sequoits 65 1/2 to 52 1/2. Both relay teams came through with first place finishes for the Sequoits with times of 1:35 in the half mile and 3:32.3 in the mile.

Rathbone took the 880 with a good time of 2:04.4 and Tom Morgan won the 100 yard dash in 10.6 seconds. Other first place winners for the Sequoits were Don Richter who ran the 220 yard dash in 23.3 seconds and Paul Clifton who went 19' 4" in the broad jump.

The Sequoits go to Melleny Thursday for a dual meet with the Warriors. With four of their top performers absent due to the State meet, the local boys will be under a tough handicap. The next home stand for Antioch will be Tuesday, May 21, against Zion-Benton.

Curcio Escapes Injury In Spectacular Crash

Milt Curcio, veteran Racine race driver, narrowly escaped death at Waukegan Speedway Saturday night when his modified stock car crashed into a concrete wall and hurtled 75 feet through the air. The mishap occurred early in the triple-bill for Modifieds, Late Model and Sportsman-type stock cars. Curcio suffered only minor injuries and is expected to race again next Sunday night.

Waukegan Speedway will begin two nights of racing on Saturday and Sunday, May 18 and 19. The Saturday night program will feature Late Model and Sportsman stock cars with Modified and Sportsman cars running Sunday nights.

Ted Schuster of Zion won the Modified feature race with Ken Holden of Barrington second. "Junior" Dodd of Waukegan third, Harold Wade of Waukegan fourth and Steve Stevens of Lake Villa fifth.

Dick Erickson of Island

Lake copped the Late Model Feature followed by Len Kammie of Kenosha, Roger Hagl, Antioch, O'Dell Jones of Waukegan and Ray Dickson of Gurnee. In the Late Model heat it was Len Kammie, Roger Hagl and Eddie Jones, Waukegan.

Dennis Burgan of Zion, who was the 1962 Sportsman champion, started the 1963 season with a feature win in the Sportsman class. The Sportsman heat went to Gino Wagner of Cudahy, Wis., with Bobby Jackson, Zion, Harold Gutche, Kenosha and Jack Ester and Dennis Burgan of Zion finishing next in order. Glen Eichmann of Lake Zurich set fast time of the evening with 17.32. Allan Gutche, Jim Cossman and Milt Curcio became the season's first roll-overs.

Waukegan Speedway is located one half mile west of Green Bay Road, Waukegan, and races start at 8:30 with time trials at 7 p.m.

Antioch Squad Drops Game To Warren

The Sequoit baseball squad continued to have their troubles this week as they dropped a double header with Warren Saturday at Gurnee. Warren blasted the Sequoits for 5 runs in the first inning of game one and went on to win 8 to 3.

Bob Oilschlager relieved starter Jimmy Brownlee in the first inning and gave up the mound to John Sebesta in the final inning. Brownlee took the loss with Bill Grom of Warren going all the way for the victory.

Norbert Wolter of Antioch collected the only extra base hit of the game with a double.

In the second game, Jim Wojczynski struck out 9 and gave up only 4 hits but still took the loss 5 to 1 as errors continued to plague the Sequoit nine.

Antioch out-hit the Blue Devils 9 to 4 but failed to capitalize on their opportunities. Wojczynski, Jim Brownlee and Norbert Wolter accounted for 6 of the Sequoit's 9 hits, getting two each. Padgett of Warren got credit for the win.

The Sequoits lost their first game of the District tournament to Grant Monday 5 to 4.

THE 19th HOLE
BY GEORGE DIAMOND

Let's take a look at a day in the life of a happy golfer — a member of the private George Diamond Country Club.

The sun is shining and all's right with the world because it's a perfect day for golf. He jumps into his car and drives out to the club. It's easy to get to. The entrance is on Route 59, just south of Grass Lake Road, Antioch.

He changes into his golf togs in the comfortable, carpeted locker room, pauses for a cup of coffee at the snack counter, and he's ready to play. There's no waiting to tee off. There's not much chance it will ever crowd up at the George Diamond Country Club because memberships are limited to 150. (There are only a few memberships still open, so apply now if you are interested in making this one of the greatest summers you've ever enjoyed.)

The course is in fine shape. The greens are velvet, the fairways firm and rolling, the sand traps raked smooth. He views the panoramic beauty of the 300 scenic Diamond acres and feels, "As long as I am a member, these are mine." He enjoys a millionaire's privileges at a fee within the reach of a junior executive.

After nine holes he pauses at the clubhouse for a snack, quickly cooked by an electronic oven. Back on the course he finishes 18 holes, can play 72 if he so desires. He asks the golf pro to join him at the golf driving range (open to the public, too) for some tips on getting rid of his slice.

Back in the locker room for a refreshing shower, he tops this off with a really luxurious sauna bath in the steam room that makes him feel like a new man. His vigor restored, he toys with the idea of a swim in the beautiful outdoor Hollywood pool, ringed with lounge chairs, or perhaps a set of tennis.

He settles instead for a cocktail in the clubhouse with other congenial members. A sports shirt informally prevails here. He has the choice of eating in the private club dining room or in the adjacent open-to-the-public George Diamond Charcoal Broiled Steak House.

The same mouth-watering steaks and the same reasonable prices are found in both places. Charcoal broiled dinners served here are the same that have won nationwide reputations at the George Diamond Charcoal Broiled Steak Houses at 512 S. Wabash and 1133 S. Wabash in Chicago, and at the George Diamond Hotel in Palm Springs, Calif.

After dinner it is only a few steps from the dining room to the GO-GO-GO Room for cocktails and dancing. This room, open to the public, has no minimum and no cover charge, and even the excise tax is absorbed.

Quite a few cha-cha and bossa-nova dances later, he heads for home, the end of another perfect day at the George Diamond Country Club.

(Call 395-0999 in Antioch for more information on membership in the private George Diamond Country Club, or drop by for dinner in the adjacent George Diamond Charcoal Broiled Steak House and look around.)
(Look for Mr. Diamond's column again, next week.)

BOATING WITH BOWMAN

PLANNING THE OUT-BOARD CRUISE ON WHEELS

By Hank Bowman
(Courtesy Sequoia Harbor)

It's just as easy to get into a rut as it is to get out of one. About mid-summer you may feel you've exhausted the sports possibilities of your boat. You may find yourself faded by the same scenery, beaches, fishing locations, weekend camping grounds or partying and cruising locally with the same companions. Repetition of anything creates boredom.

One of the best ways to inject new zest into your on-the-water activity is to cruise new waters. Trailboating puts your boat on wheels and roads link your home to a new cruising area.

A well planned cruise tied in with highway touring will be an experience you and your crew will remember for years to come. Yet a hastily and poorly prepared cruise can be a waste of time and even unpleasant.

Highway maps, resort folders, magazine stories and discussions with your friends will provide a source of inspiration. Once you've decided on a specific locale, learn as much as possible in advance about the waters you'll be cruising. Write to state publicity bureaus, chambers of commerce, resort, travel associations and boating clubs for data on interesting places to visit.

Don't try to cover too much distance. Plan to end each day's run at a waterfront facility where you can obtain gas, oil, food, ice and water and where camping or overnight shore accommodations are available. Allot plenty of time to explore waterway interest along the route, and don't overlook shore visits to outstanding landmarks.

Begin your preparations well before the date you intend to start off. Make a check-off list of all equipment you will need. You should be able to pick up items you don't have at sales.

Inspect your boat and make what modifications are needed for added storage and comfort. Be sure your engine is in good tune and see that your trailer is put in top notch condition. Check its lights, hitch, grease wheel hubs, replace frayed tie downs and tighten all securing hardware.

Review your plans and be sure you have included stops and activities that will appeal to every member of the cruise party.

Inside Antioch High

By Marilyn Gras

Well, the school year is almost over. Seniors are looking forward with pleasure to their graduation on June 3 and without pleasure to their final examinations on May 24 and 25. Clubs are planning their award programs and are electing next year's officers. Outstanding students are being commended for their achievements.

Yesterday an assembly was held to give out the American Legion awards. Outstanding Students awards, Art Scholarships, and the D.A.R. award. On May 22, at another assembly, the Senior assembly, the Senior Honor Society, Valedictorian, and Salutatorian awards will be given.

The G.A.A., one of the most active school organizations, elected its '63-'64 officers recently. JoAnn Bolton is president, Cheryl Reidol vice-president, Kay Schimmel secretary and Mary Dahman treasurer.

The new editors of the Sequoia and Tom Tom were announced last week. Beth Randall and Sue Bloom will be co-editors of the Sequoia, and Paula Weiss and Marilyn Gras will be in charge of the Tom Tom. Other Sequoia editors will be Judy Stoffel, Shirley Reichenbach, Kathy

Strahan and Stan Sutherland. Carol Lombardo, Ricky Ripley, Lorraine Stepenko, and Janet Sheehan will be editors on the Tom Tom.

At the state district meet last Saturday four Antioch trackmen qualified for the state final competition. Dione Rathbone succeeded in the half-mile, and Antioch's winning relay team of Tom Taitinger, Ray Peterson, Rick Fowles, and Dione Rathbone also qualified.

But perhaps the most enchanted of all these people who have been honored or soon will be, is Vi Hribar. Vi was elected queen of "One Enchanted Evening," the Junior-Senior Prom. Jerry Boyke and she were crowned King and Queen at about 11:00 last Saturday night.

Go ahead and crow you can always eat it.
